

ECAS BIRDAFUN! 2010

Dear ECAS members and supporters,

As you are probably aware, East Cascades Audubon Society is a nonprofit organization that propagates an appreciation for the bird world. We are a local organization, specializing in Central Oregon ornithology with only a few projects that reach beyond our local boundaries. We gather local data and participate in projects that we feel will help protect local bird populations.

We are currently seeking funds to create an environmental education program geared towards children.

The Bird-A-Fun is a fundraiser for this ECAS project. Teams will spend a day anytime between mid May and the end of June and get sponsorship for each species they can find or you can donate a flat amount of your choice. .

Please consider donating to this important project by using the form below.
